Original research

463 Interprofessional teamwork for managing medical deterioration in pregnancy: what contributes to good clinical performance in simulated practice?
   M Lavelle, G B Reddy, T Simpson, A Basterjee, J E Anderson

471 Acoustic analysis of surgeons’ voices to assess change in the stress response during surgical in situ simulation
   A Hall, K Kawai, K Graber, G Spencer, C Roussin, P Weinstock, M S Völkle

478 Evaluation of a simulation faculty training workshop in a low-resource setting: a qualitative study
   R R Sestamraja, K Stone, M Shepherd, PediSTARS Investigators

487 Virtual tabletop simulations for primary care pandemic preparedness and response
   M J Blaak, R Fadaee, J M Davies, N Pinto, J Conly, M Leslie

494 Live streaming ward rounds using wearable technology to teach medical students: a pilot study
   T Mill, S Parikh, A Allen, G Dart, D Lee, C Richardson, K Howell, A Lewington

501 Multidisciplinary simulation training for endotracheal intubation during COVID-19 in one Hong Kong regional hospital: strengthening of existing procedures and preparedness
   E H K So, N H Chia, G W Y Ng, O P K Chan, S L Yuen, D C Lung, W C Li, S S So, V K L Cheung

510 Does simulation training in final year make new graduates feel more prepared for the realities of professional practice?
   C Carpenter, T Keegan, G Vince, L Brewster

517 Development and clinical implementation of a structured, simulation-based training programme in laparoscopic appendectomy: description, validation and evaluation
   B Skjold-Odegaard, H L Ersdal, J Assmus, B S O Nedrebo, O Sjo, K Soreide

524 Systematic literature search, review and dissemination methodology for the COVID-19 pandemic
   C Reynard, D Darbyshire, G Peaker, A J N Jafar, M Nagiul, G Oliver, P van den Berg, R Body, H Ambrozak, S Carley

528 High-fidelity simulation and virtual reality: an evaluation of medical students’ experiences
   A F Macamanta, K Bird, A Rigby, T Sathyapalan, D Hepburn

536 3D printed ascending aortic simulators with physiological fidelity for surgical simulation
   A Alakhtar, A Emmott, C Hart, R Mongrain, R L Leask, K Lachapelle

543 Impact of simulation training on decision to delivery interval in cord prolapse
   G Gallagher, A Griffin, S Clipperton, S Janssens

548 Examining novice anaesthesia trainee simulation performance: a tale of two clusters
   R J Daly Guris, C R Miller, A Schiavi, S Toy

MORE CONTENTS ►
555  In situ simulation improves perceived self-efficacy of OR nurses and anaesthesiologists during COVID-19 pandemic
F Lois, C Hallet, N Samalea Suarez, A Ghuysen, J F Brichant

561  Simulated airway drills as a tool to measure and guide improvements in endotracheal intubation preparation in the paediatric emergency department
K U Wong, I Gross, B L Emerson, M P Goldman

568  Teaching residents how to break bad news: piloting a resident-led curriculum and feedback task force as a proof-of-concept study
J Sleiman, D J Savage, B Switzer, C Y Colbert, C Chevalier, K Neuendorf, D Harris

575  Reinstituting a national simulation programme in anaesthesiology during the coronavirus pandemic
S Campbell, S Corbett, C L Burlacu

581  Age suit simulation replicates in healthy young adults the functional challenges to balance experienced by older adults: an observational study
C A Watkins, E Higham, M Gilfoyle, C Townley, S Hunter

Reviews

586  Cross-disciplinary perspectives on the transition to remote education
N Houghton, W Houstoun, S Yates, B Badley, R Kneebone

590  Diversity and inclusion in simulation: addressing ethical and psychological safety concerns when working with simulated participants
I Picketts, M D Warren, C Bohnert

600  Immersive technology in ophthalmology education: a systematic review
S Lowe, K Mares, Z Khadjesari

Systematic reviews

605  Cultural considerations in debriefing: a systematic review of the literature
J C Palaganas, M Charnetski, S Dowell, A K M Chan, K Leighton

611  Nothing about me without me: a scoping review of how illness experiences inform simulated participants’ encounters in health profession education
L Ní Chianáin, R Fallis, J Johnston, N McNaughton, G Gormley

Short reports

617  Creating an intramuscular injection pad for the SimMan 3G
R Sinclair, A Inglis

620  Long-term impact of a single interprofessional education high-fidelity simulation experience: a pilot study
T Canadell, C Rosenbaum, A Davis

624  Multiperspective simulations for implementing a change in service: stroke telethrombolysis
C W Brown, P Elofuke

627  Birley Place: a virtual community for the delivery of health and social care education
D J Wright, I Greene, K Jack, E Hannan, C Hampshire

631  Developing a simulation programme to train airway management during the COVID-19 pandemic in a tertiary-level hospital
H Y Wong, C Johnstone, G Dua

635  Conception and design of novel lumbar drain insertion simulator
N K Murthy, E O’Brien, N S Dahdaleh

638  Influence of simulation-based training on reflective practice
J A Aitken, E M Torres, S Kaplan, D DíazGranados, L Su, S Parker
Letters

641 Virtual SIMsanity: strategies for successful simulation for medical educators during the era of social distancing
S P Oman, D Herrigel, C M Donovan, L V Simon

643 Dealing with death: simulation for final-year medical students
J Smiddy, A D Hunukumbure, R Gupta

645 Preparing for COVID-19 tracheostomy care in a pandemic field hospital setting: use of ‘in situ’ simulation recordings
J Rudd, A Iacovidou, J Cooke, N Lee, C Laws-Chapman, A Hall

646 COVID-19 challenges in organising teaching at a faculty of pharmacy
O Rahić, M Sirbubalo, A Tucak, J Hadžiabdić, A Elezović, E Vranić

648 Virtual training in the practical management of emergencies in primary care: making a virtue out of necessity
E Forde, A Butcher, A Fraser, S Phillips, M Turner

650 Adaptation and use of media in an innovative simulation-based clinician training programme
E Melson, W Chen, D Zhou, E Ooi, N Evans, D Delson, M Daviadze, P Kempegowda
