In situ simulation improves perceived self-efficacy of OR nurses and anaesthesiologists during COVID-19 pandemic
F Lois, C Hallet, N Samalea Suarez, A Ghysen, J F Brichant

Simulated airway drills as a tool to measure and guide improvements in endotracheal intubation preparation in the paediatric emergency department
K U Wong, I Gross, B L Emerson, M P Goldman

Teaching residents how to break bad news: piloting a resident-led curriculum and feedback task force as a proof-of-concept study
J Sleiman, D J Savage, B Switzer, C Y Colbert, C Chevalier, K Neuendorf, D Harris

Reinstating a national simulation programme in anaesthesiology during the coronavirus pandemic
S Campbell, S Corbett, C I Burlacu

Age suit simulation replicates in healthy young adults the functional challenges to balance experienced by older adults: an observational study
C A Watkins, E Higham, M Gilfoyle, C Townley, S Hunter

Cultural considerations in debriefing: a systematic review of the literature
J C Palaganas, M Charnetski, S Dowell, A K M Chan, K Leighton

Nothing about me without me: a scoping review of how illness experiences inform simulated participants’ encounters in health profession education
L Ní Chianáin, R Fallis, J Johnston, N McNaughton, G Cormley

Creating an intramuscular injection pad for the SimMan 3G
R Sinclair, A Inglis

Long-term impact of a single interprofessional education high-fidelity simulation experience: a pilot study
T Gnanade, C Rosenbaum, A Davis

Multiperspective simulations for implementing a change in service: stroke telethrombolysis
C W Brown, P Elofuke

Birley Place: a virtual community for the delivery of health and social care education
D J Wright, L Greene, K Jack, E Hannan, C Hampshire

Developing a simulation programme to train airway management during the COVID-19 pandemic in a tertiary-level hospital
H Y Wong, C Johnstone, G Dua

Conception and design of novel lumbar drain insertion simulator
N K Murthy, E O’Brien, N S Dahdah

Influence of simulation-based training on reflective practice
J A Aitken, E M Torres, S Kaplan, D DiazGranados, L Su, S Parker
Letters

641 Virtual SIMsanity: strategies for successful simulation for medical educators during the era of social distancing
S P Oman, D Herrigel, C M Donovan, L V Simon

643 Dealing with death: simulation for final-year medical students
J Smiddy, A D Hunukumbure, R Gupta

645 Preparing for COVID-19 tracheostomy care in a pandemic field hospital setting: use of ‘in situ’ simulation recordings
J Rudd, A Iacovidou, J Cooke, N Lee, C Laws-Chapman, A Hall

646 COVID-19 challenges in organising teaching at a faculty of pharmacy
O Rahić, M Sirbuhalo, A Tuak, J Hadžiabdić, A Elezović, E Vranić

648 Virtual training in the practical management of emergencies in primary care: making a virtue out of necessity
E Forde, A Butcher, A Fraser, S Phillips, M Turner

650 Adaptation and use of media in an innovative simulation-based clinician training programme
E Melson, W Chen, D Zhou, F Ooi, N Evans, D Delson, M Davitadze, P Kempegowda
